Quality/Testing

• Translations were initially generated using AI tools and subsequently reviewed manually to ensure contextual accuracy and consistency in terminology - particularly for content related to the 2025 Constitutional Committee election.

• For the Brave Japan event on June 18, key topics were prepared in advance to ensure the intended content was clearly conveyed.

• Where applicable, participant input and community sentiment were monitored during and after events to inform future communication strategies.

Communication

In June, the Japan Community Hub continued its efforts to engage the local Cardano community through multiple outreach activities.

Intersect Milestone Acceptance Form

We hosted three Intersect Town Halls via X Spaces on June 6, 20, and 27, providing regular updates and insights relevant to the Japanese community.

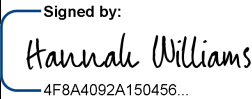

On June 18, we were invited by Brave Software Asia and Brave Community Japan to speak at their community event. This marked the first event that brought together the Brave and Cardano communities in Japan. The session began with an introduction to Brave, followed by a talk by the Japan Hub Manager covering “What is Cardano?” and an overview of Intersect MBO. Around 20 participants attended, making it a valuable opportunity for learning and connection.

Additionally, we translated and shared key announcements and voting reminders related to the 2025 Constitutional Committee election. These updates were shared via X (formerly Twitter), Intersect’s Japanese-language Discord channel, and our public LINE Open Chat, helping to expand reach and engagement within the Japanese community.

These initiatives were made possible through close collaboration with the Japan Hub Council. We sincerely appreciate the continued support of all members involved.

Intersect Milestone Acceptance Form

Milestone Acceptance Form Guidance:

Accepted By – this should be the person responsible for completing the Quality or Testing review, the person of suitable expertise to attest that the milestone has been completed. It should not be a person from the delivering organization.

Communication – the cardano ecosystem thrives due to open participation and membership. Intersect will announce deliverables and celebrate the success of its partners. Please provide a few words on how we can best articulate and share this milestone being completed.
