What & How	

Intersect Milestone Acceptance Form

The budget debate focused on the analysis of more than 24 proposals in Gov Tools, reviewed through four different virtual and in-person workshops.

With over 1.7 billion ADA in Cardano's treasury, currently valued at more than 1 billion USD, the ecosystem is actively defining key expenditures for development and infrastructure with the goal of fostering long-term investment and prosperity. It is essential to clarify which priorities and spending decisions will truly enhance the network's efficiency.

As a global and decentralized network, collecting input and feedback from as many engaged community members as possible is fundamental.

I want to thank the entities Intersect MBO & Input Output (IOHK) that promoted the activity and allowed us to debate the #Cardano budget openly, with complete freedom, in whatever way we chose.

Highly critical voices, conservative perspectives, open-minded participants, and those focused on building consensus are working together and sharing their views.

These contributors include Dreps, SPOs, ICC members, developers, projects, development companies, accountants, lawyers, scientists, engineers, and PhDs.

As part of both virtual workshops, Town Halls were also held to explain how to vote in the Intersect elections, which positions and committees were open, and to provide an overview of the Latin American candidates.

The translations were carried out and shared on the official social media channels.

Milestone Acceptance Form Guidance:

Accepted By - this should be the person responsible for completing the Quality or Testing review, the person of suitable expertise to attest that the milestone has been completed. It should not be a person from the delivering organization.

Communication - the cardano ecosystem thrives due to open participation and membership. Intersect will announce deliverables and celebrate the success of its partners. Please provide a few words on how we can best articulate and share this milestone being completed.
